EP: 6 Songs

## Lightly Steppin' Ahead

*Words & music by Markus Zosel*

I bet on a dream  
no matter what way it seems  
no words I would have said.  
Lightly steppin' ahead.

Free as I may be  
with all the things to see.  
Maybe I am free.  
Maybe it's just me.

The river sang to me  
I was small and used to be  
out there on my own  
but I had this one song.

That took me by surprise,  
it opened up my eyes

There is so much joy involved when recording and presenting a new EP. To make it complete you'll need the words to the song to get the whole message. This service is presented to you free.

Listen to the songs on the internet on any of your favourite download- or streaming site such as iTunes, Spotify, Deezer, Amazon, GooglePlay, Soundcloud, etc.

Now, sit right back and simply enjoy!

any time I roamed that place  
with the wild winds in my face.

And when I grew up tall  
I thought I'd share it all  
with someone close beside  
and we would always have in mind.

But I have lost since then  
everyone and in the end  
no words I would have said  
just lightly steppin' ahead...

## These moments

*Words & music by Markus Zosel*

You know these moments  
won't last forever  
it's now or never  
to take part or to leave.

And you remember  
days of September  
as they were running  
like sand through your hand after all.

In golden sun beaming  
you will be dreaming,  
you will be watching  
time passing by.

Deep inside smiling  
and no more hiding.  
You will be finding that  
life's going on just the right way.

Just tell me now, dear  
don't let me wonder  
because I'll be waiting  
to hear of your choice.

I'm right here standing  
and time is running

not like an ally  
but fast like it won't stop again

You know these moments  
won't last forever  
it's now or never  
to take part or to leave.

And you remember  
days of September  
as they were running  
like sand through your hand after all.  
After all, after all, after all... Your Way To Me

## Old Gloves

*Words & music by Markus Zosel*

So much that people talk about,  
so many things they say.  
So much that they've been looking for  
and cannot wait one day.

And they keep on riding  
what are they really looking for?  
For old gloves  
won't keep them warm no more.  
And they keep on riding  
what are they really looking for?  
For old gloves  
won't keep them warm no more.

You been up on the highest hills  
and the widest fields, they say.  
You been waiting for a chance to come  
forever and a day.

And you keep on riding  
what are you looking for?  
For old gloves  
won't keep you warm no more.  
Old gloves can't keep you warm  
no more.

Out in the great wide ocean  
that ancient voice exists.

Singing of a world to come  
no matter what we missed.

And we keep on riding  
it is what we're looking for!  
For old gloves  
won't keep us warm no more.  
Old gloves can't keep us warm  
no more.

For old gloves  
won't keep us warm no more.  
Old gloves can't keep us warm  
no more...

## No easy way out

*Words & music by Markus Zosel*

Penny had told you  
we all would be waiting at home  
while you're on your trip  
and suddenly rid of your phone.  
Who could know or expect  
which way you would go.  
No one knows,  
no one knows,  
no one could now.

A dream is a dream  
and no mind is able to change.  
When it's to fulfil all the reasons  
of unspoken words.  
When it all comes to the point  
to let it come true.  
When it's about you,  
when it's about you,  
all about you.

We don't mind your freedom,  
we don't mind you going along.  
When it needs to be done  
a dream might be burning strong.  
But never forget  
somebody is waiting at home  
For you to come,  
for you to come,

again back home.

The old café  
is standing so silent and still.  
With old trees beside,  
it probably always will.  
And many a year may walk down  
on lover's lane.  
In case you won't,  
in case you won't  
come back again...

Come back again...!

## Stay with me

*Words & music by Markus Zosel*

So many times I just tried to write this song,  
so many thoughts just left unsung.  
But like the sunshine in the morning that I see  
is the joy when you're so close to me.  
Believe  
all I need is you beside me.

Stay with me  
nobody else can see  
the time for you and me  
to come around.  
Stay with me  
you're not too blind to see  
sharing this melody  
and what we've found.

Do you believe  
it's all worth for us to see?  
So, what do you see in me?  
It could be  
that I'm a fool but not to blame  
So, I just try to say and I just try to show  
that again  
it's every time the same.

Stay with me  
nobody else can see  
the time for you and me  
to come around.

Stay with me  
you're not too blind to see  
sharing this melody  
and what we've found.

I might not be  
the one in your eyes  
with a chance to win our love.  
But I do hope  
these lines tell and try  
that I am offering  
a chance do you change your mind.  
It's you  
I been thinking of...

Stay with me  
nobody else can see  
the time for you and me  
to come around.  
Stay with me  
you're not too blind to see  
sharing this melody  
and what we've found.

And if you do so  
please, give me just a sign.  
And if you do so  
something's waiting so fine.  
And all these dreams  
in the middle of the night.  
So, just tell me what is right?

Stay with me  
nobody else can see  
the time for you and me  
to come around.  
Stay with me  
you're not too blind to see  
sharing this melody  
and what we've found.

## I've Just Finished a Book

*Words & music by Markus Zosel*

I've just finished a book  
and I don't know where it takes me now

or should I, anyhow?  
And if you want to know  
where it may take you,  
you can read it now.

I spent half a year  
to put down all the pictures in my mind  
I hope I did it right.  
And you might care,  
maybe you might share  
in the same frame of mind.

I'm trying to tell  
what crosses me  
while I am wondering still  
and I prob'ly will  
for quite a while  
I will be on your side  
with words set - plain and true.

And then I'm heading on  
for someplace I'm not familiar with, yet.  
You knew, I bet,  
and I am going on  
for a brand new one  
and say good night to you  
instead...

I've just finished a book  
and I don't know where it takes me now  
or should I, anyhow?  
And if you want to know  
where it may take you,  
you can read it now.

Read it now!  
You can read it now...
