ONCE UPON

Words & music by Markus Zosel

Once upon a winter 's day
She came my way, she came to stay.
Laughing, dancing, feeling free,
She tried to be, she tried to see
And God, I loved her so. God, I loved her so.

Snow was falling, darkness too
T' was me and you, just me and you.
Love and laughter without end
Don't comprehend or understand,
Because it was so free, it was you and me.

But laughter turned out into rain
The wind remained just the same.
And I was standing all alone, she was gone
Yes, she was gone.
I hope she's free out there.
I hope she's free out there!

Tell me of a dream gone by,
A dream gone by with all its rhyme.
Tell me what remains out there?
Is it fair? Do you still care?
God, I always will. Yes, I always will

WE GOTTA GO OUT CRUISING

Words & music by Markus Zosel

We gotta go out cruising!
We gotta go out cruising!
We gotta go out cruising,
Won't you take a ride with me?
Won't you take a ride with me?

A lot of people they are staying
In their house and keep on praying
For an answer without turning
To the open road ahead.
They are getting tired of living
In a frame they used to step in.
Without a key to open
The golden cage instead.

We gotta go out cruising!
We gotta go out cruising!
We gotta go out cruising,
Won't you take a ride with me?
Won't you take a ride with me?

With the trouble and the wonder
Comes all the rain and thunder
Till the cage that once was golden
Has turned into stone.
Better get yourself together,
Have a smile things get better
When you get out on the road
With a brand new song.

We gotta go out cruising!
We gotta go out cruising!
We gotta go out cruising,
Won't you take a ride with me?
Won't you take a ride with me?

WATERSHED

Words & music by Markus Zosel

I stood alone there by the watershed.
With no one there
But wind and clouds instead.
And the sky was lying on that lake,
On its surface softly portrayed
Like a mirror that displayed it all for me.

I heard the sound of voices up above.
They gathered there and I was dreaming of
Going myself up there.
With wings you can go anywhere!
I had to smile in these voices heaven-bound.

When you stand alone and by yourself
Beside the lake just watch how someone else
Is walking quiet afar, no matter near or far.
It's the same with you,
you're just one part of it all

The winds do gather just to sing out loud
All the things that
people keep wondering about.
And by the waterside it might be just right
To listen to answers offered there...

DREAM BELIEVER

Words & music by Markus Zosel

Dream believer, dream believer,
Such a fool as I to promise you
I'd stay here.
Dream believer, dream believer,
Will you take me back
One day once more?

I'm turning.
I'm yearning
And I don't know why?
I don't know where to go?

Dream believer, dream believer,
Such a fool as I to promise you
I'd stay here.

Dream believer, dream believer,
Will you take me back
One day once more?

I wonder.
I wonder,
Can you give it a try?
Can you give us a try once more?

Dream believer, dream Believer.
Such a fool as I
Has promised you to stay here.
Dream believer, true love receiver.
Will you take me back to stay with you
Once more?

WHO REMAINED OUT THERE?

Words & music by Markus Zosel

Who remained out there?
Who remained out there?
A dancer left in wonder,
In joy and in despair
Who does sing the song
Of the one that is so strong
In favour of the wind and rain
Of the wise the insane?

Tell me of a dream,
Tell me of a dream!
Something you won't talk about
If it wasn't me.
Where has it gone?
Oh, where has it gone?
I just got to go on now,
Gotta be myself and strong.

I heard it in your song.
Just heard it in your song
That you've kept on singing
As you went along.
Don't take care of me!
Don't take care of me!
It's really not a kind of nothing
To worry or to see.

I love this way to be,
Another you or me.
I shall be dancing freely
For no one else to see.
Would you like to dance with me?
Would you like to dance with me?
Easy and slow motion,
A double fantasy...

IF YOU DON'T KNOW LEAVE NOW!

Words & music by Markus Zosel

If you don't know leave now,
If you don't know leave now.
Be free where the wind blows wild!

For much too long
I been waiting for a girl like you.
Just as I honestly said.
But things you spoke
Made clear you don't really want to stay.
And it's something I would regret.

If you don't know leave now,
If you don't know leave now.
Be free where the wind blows wild!

Many a dream
Has been floating out to the sea.
I guess, it mustn't be real.
And what would I give
To have the chance to understand
If there was a way to see.

If you don't know leave now,
If you don't know leave now.
Be free where the wind blows wild!

Won't you go?
Won't you go?
Won't you go away from me?

Go where you wish!
Wherever that may be,
But make sure it's with all of your heart.

Here I will stay no matter where you'll go,
Facing a brand new start.

If you don't know leave now,
If you don't know leave now.
Be free where the wind blows wild!

TAKE ME THERE

Words & music by Markus Zosel

Magic with the morning light
Sparkles brightly after night
Take me there, take me there!
After darkness has all gone
With appearance of the Sun.
Oh, take me there,
Take me there right now!

Dreams of laughter in the wind
This is where it all begins,
But take me there, take me there!

Afternoons in softest gloom
Evening will come so soon,
But take me there,
Take me there right now!

Crusaders of the wild
Still wondering like a child.
But take me there,
Take me there!

This is when it all begins
With the sounds of guitar strings
Just take me back!
Just take me back right there!

Dreams of laughter in the wind
This is where it all begins,
But take me there, take me there!

Afternoons in softest gloom
Evening will come so soon,
But take me there,
Take me there right now!

ECHOES OF A DREAM

Words & music by Markus Zosel

I heard the echoes of a dream.
It led me where I had not been.
It made me wonder what was right, so right,
In light dancing so brightly.

I heard the whispers of the lake.
Had no idea what it would take
To be a part of it all and see
What I once took for granted.

You gotta come here for a while.
I am sure that it will make you smile
To feel the wind and rain
On your skin - and then
Be leaving in a different way.

I know you heard it all before.
But it's what I'm asking for.
To come out here and to realise
It's you and no one else to go out there.

Yes, I heard the echoes of a dream
And I wondered, how it's been
That I came here from so far, so far.
And let it begin, let it begin!

ROCK THAT BOAT

Words & music by Markus Zosel

Rock that boat
And lead me gently on.
Rock that boat
And lead me gently on.

When it's gone, gone, gone,
I'll be on, on, on my way to see
The meaning to be free.

Rock that boat
With no one left behind
Rock that boat
With so much we can find.
It'll take us there, rowing anywhere.
Light and Tender, out in brightest light.

Jesus found a way for you to see.
He walked out on the Sea of Galilee.
You won't drown or fall
If you trust in all
The things you got
Which are so close at hand.

He told us we can
Make it by ourselves.
With trust and faith
You'll need nobody else.
Won't you ride that boat?
You just get aboard
And feel all the wonder
You don't have to understand.

Rock that boat
And lead me gently on.
Rock that boat
And lead me gently on.
When it's gone, gone, gone,
I'll be on, on, on my way to see
The meaning to be free.

Rock that boat
With no one left behind.
Rock that boat
With so much we can find.
It'll take us there, rowing anywhere.
Light and Tender, out in brightest light.

Don't you know
You're never all alone?
There will be a wind
to take you on.
Just to fill your sail
When you're bound to wail

These waters with a boat to carry you.

Rock that boat
And lead me gently on.
Rock that boat
And lead me gently on.
When it's gone, gone, gone,
I'll be on, on, on my way to see
The meaning to be free.

Rock that boat
With no one left behind
Rock that boat
With so much we can find.
It'll take us there, rowing anywhere
Light and Tender, out in brightest light.

IT ALL DID CHANGE

Words & music by Markus Zosel

Yes, I have been the one
Always on the run
For something left unknown to me.
I dreamt of butterflies,
I saw and realised
It somehow was not there for me.
I fell in love too late
And I did hesitate
A little bit too long, I guess.
But listen honestly
It's just you and it's me
And after all these years I confess:

»When you came again it changed!
Just as you came it all did change.«

And just to my surprise
I looked into your eyes.
A moment I just can't forget.
If I did not tell you now
And it remained untold
That was a thing I would regret.

It all seemed clear when I met you here.
So sure to me when you entered here.

Now here we go again,

Lost and all insane.
Just the same as years before.
But try to understand
My life is in your hand.
It's just one thing that I ask you:

»Would you stay and leave no more?
That is what I been asking for!«

That is what I been asking for!

This is what I been asking for...

WHERE DO I GO?

Words & music by Markus Zosel

Where do I go when I'm alone tonight,
Tell me what will I see?
What am I able to tell you then,
Will there be something left of me?

Where will I be?
Where will I be?
Will you be the one to share?
What can I hide, so deep inside
When wind is raging everywhere?

What good's a memory
When it's bound to go
Somewhere in the 'lost and found'?
Will there be songs for eternity
When you're no more around?

What can I see?
What can I see?
Will it be like flying free?
So let me write, because deep inside
Is the will that longs to see.

The Good Lord knows about you
Looking deep at night
Down at you.
Be calm, be calm, the stars shine bright.
Be calm, be calm
HE's in that light with you...

Where do I go when I'm alone tonight,

Tell me what will I see?
What am I able to tell you then,
Will there be something left of me?

Where will I be?
Where will I be?
Will you be the one to share?
What can I hide, so deep inside
When wind is raging everywhere?

WE GOTTA GO OUT CRUISING (Reprise)

Words & music by Markus Zosel

We gotta go out cruising!
We gotta go out cruising!
We gotta go out cruising,
Won't you take a ride with me?
Won't you take a ride with me?

A lot of people they are staying
In their house and keep on praying
For an answer without turning
To the open road ahead.
They are getting tired of living
In a frame they used to step in.
Without a key to open
The golden cage instead.

We gotta go out cruising!
We gotta go out cruising!
We gotta go out cruising,
Won't you take a ride with me?
Won't you take a ride with me?
